a premium claw machine

@Amira Zairi

A high-end, hyper-realistic 3D render of a premium claw machine inspired by Milka branding. The machine is finished in glossy Milka lavender-purple with smooth, rounded edges, and set against a warm, minimal cream-toned backdrop. Inside, the claw machine is filled with meticulously detailed Milka chocolate bars, shiny golden hazelnuts, and soft plush cows with signature Milka purple patches. The front and top panels feature glowing, embossed Milka logos in white. The machine has crystal-clear glass panels, chrome control buttons, and a sleek joystick. Soft ambient lighting inside casts warm highlights on the prizes, creating a cozy, indulgent, and luxurious chocolate-themed arcade atmosphere. The focus is on elegance, brand immersion, and photorealistic product presentation.

Create a high-resolution 3D render of [] designed as an inflatable, puffy object. The shape should appear soft, rounded, and air-filled — like a plush balloon or blow-up toy. Use a smooth, matte texture with subtle fabric creases and stitching to emphasize the inflatable look. The form should be slightly irregular and squishy, with gentle shadows and soft lighting that highlight volume and realism. Place it on a clean, minimal background (light gray or pale blue), and maintain a playful, sculptural aesthetic.

Blueprint schematic

[@Amira Zairi](#)

A blueprint schematic of a retro-futuristic motorcycle, drawn in the style of early 20th-century industrial patents. Rendered in crisp blue ink with white technical lines, featuring exploded views, angular labels, and stamped diagram codes.

#gpt4o

A whimsical miniature Apple Store

[@Andy](#)

A whimsical miniature Apple Store, designed to look like a giant Apple product box, complete with the iconic Apple logo and intricate details. The two-story building features large glass windows that clearly showcase a modern and high-end interior: minimalist display tables, bright and gentle lighting, and staff members assisting customers. On the street, adorable little figurines are strolling or relaxing, with benches, street lamps, and potted plants arranged around them, creating a charming corner of the city. The entire scene adopts an urban miniature landscape style, rich in detail and realism, with soft lighting that evokes a pleasant and relaxing afternoon atmosphere.

PSA

[@gnrly.xyz](https://gnrly.xyz)

Pretend you are PSA, the Collectibles Authentication and Grading Service. Instead of cards, you will

Pretend you are PSA, the Collectibles Authentication and Grading Service. Instead of cards, you will be grading the aura of the character in the image I provide. Be strict and objective when assigning a grade, using PSA's official scale: PSA 1 = PR, PSA 1.5 = FR, PSA 2 = GOOD, PSA 3 = VG, PSA 4 = VG-E, PSA 5 = EX, PSA 6 = EX-MT, PSA 7 = NM, PSA 8 = NM-MT, PSA 9 = MINT, PSA 10 = GEM MT. When done grading, create a PSA slab with the image provided, cropped to the size of a real card. The label at the top must follow the official PSA format. On the left, display the title "GNRLXYZ" and directly below it, "1/1". Beneath that, place the PSA-style barcode only. On the right side of the label, stack the grade label from the PSA scale at the top, and the numeric grade from the PSA scale at the bottom. Below that, display the certification number. Ensure all text in the label is uniform in size and has balanced padding from the red border, exactly as seen on authentic PSA slabs. Place the slab on a white background and display the full slab. Do NOT add any text or labels on the card.

keycap scene

@Ege

A photorealistic ESC keycap scene shows a miniature cozy living room setup. Inside: a glowing red Netflix screen, a plush red couch, popcorn bowl, and throw blanket. A small figure lounges with feet up, watching content. The red "N" logo glows from behind like mood lighting. Outside: cool tech-blue reflections on F1, Shift, and Q keys. The word "ESC" is subtly present in a glassy fog on top of the cap.

Mr.Bean

影视剧的角色手办

@AI进化论-花生

Create a realistic and humorous action figure of Mr. Bean, the iconic British comedy character played by Rowan Atkinson.

Create a realistic and humorous action figure of Mr. Bean, the iconic British comedy character played by Rowan Atkinson.

The figure should be designed as a collectible action toy, capturing his quirky personality and classic look.

Key Elements:

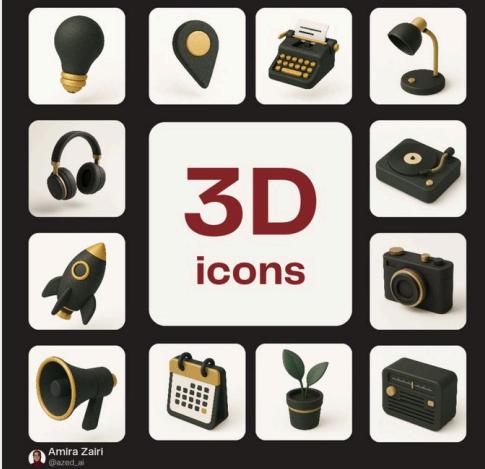

Character Design: Accurately depict Mr. Bean's exaggerated facial expression, distinctive features, and comedic body posture.

Outfit: Signature brown tweed jacket, white shirt, thin red tie, dark trousers, and black shoes. Include a slightly awkward or goofy pose that reflects his clumsy yet lovable charm.
Accessories: Include miniature props that are instantly recognizable from the show, such as:
- A teddy bear (his beloved stuffed bear)
- A suitcase
- His iconic lime green Mini car (as a miniature or on the box design)
- A turkey (as a reference to the famous holiday episode)
- A TV remote or random quirky objects that fit his antics

Packaging Design: Place the action figure inside a detailed, collectible toy box. At the top of the box, display the title Mr. Bean in playful, bold lettering. Beneath that, include the character name "Mr. Bean", possibly with a humorous tagline like "The Ultimate Oddball Collectible." The background design can feature a silly scene from the show (like his apartment or the car park).

Visual Style: Render the entire figure, accessories, and packaging in a highly realistic, slightly cartoonish style to capture the essence of the character while keeping a lifelike toy aesthetic.

以微型立体场景呈现，运用移轴摄影的技法，呈现出梦幻而灵动的意境。画中乃《红楼梦》之林黛玉葬花一幕，场景细致而迷人，如童话般玲珑雅致。

细观画面，3D Q版黛玉亭亭玉立于微缩园林之间，一身素淡纱裙，手执小巧花锄，低眉含愁，眸中隐约泪光，姿态楚楚动人，面容带着忧郁与清冷之色。她身旁，盛花的小竹篮散落在地，粉红花瓣点缀于草丛，如碎玉纷飞；溪流如玻璃树脂般晶莹通透，涓涓细流折射着微光，环绕着整个场景，映衬出几分凄清与诗意。

园林里散落着细腻别致的假山石头，黛玉脚下的土地精雕细琢，犹如微缩盆景般细致逼真。树木、花丛皆精巧细致，枝叶轻盈透明，纤毫毕现。远处假山上隐约可见一座迷你版潇湘馆，精巧华丽的窗棂中透出微弱灯光。移轴镜头柔化了远近之间的距离，令黛玉的身影格外凸显，宛如置身童话世界之中央。

场景整体光影细腻温柔，透着朦胧的电影光效，如诗如画，既带着古典小说的雅致与哀婉，又有几分清新与纯真，令人一眼便沉醉其中。

风格：一个Q版 可爱 3d 风格的立体模型

内容：展现了一位开朗的建筑师（图一），黑框眼镜，纯黑精致穿搭，他被放在一个哑光半透明的展示盒里，玻璃上贴着一张白色的小标签，上面写着“建筑如人生，人生如建筑”。自信地坐在一把设计大师设计的座椅上，手里拿着工作证，对着镜头微笑。这位建筑师的工作区配备了三台显示器，分别显示rhino建模、AI 和设计草图。这个极简主义的小隔间充满了结构主义+彼得库克archigram的融合风格设计：带有设计感的建筑模型、包豪斯风格的电脑桌和屏幕、画满草图的设计稿、一个毛绒绒的CCS（图二）吉祥物、建筑杂志、一个纯黑色锥形设计感玻璃杯，以及一块画着建筑图纸的迷你白板。一个小架子上放着一个ipadpro、一个建筑模型和一个微型Zho（图三）徽标。一幅镶框的建筑设计照片挂在色彩鲜艳的日历和旁边。场景采用柔和凉爽的自然光照明。整个场景使用了包豪斯配色方案

Generate a portrait ratio photo with this prompt A hyper-realistic diorama of a cheerful male office

Generate a portrait ratio photo with this prompt A hyper-realistic diorama of a cheerful male office worker inside a matte translucent display box, with a small white label on the glass reading "Dream big, Stay positive." He's sitting confidently in a modern ergonomic office chair, smiling at the camera while holding his work ID badge. The worker's desk setup features triple monitors showcasing Microsoft Excel, LinkedIn, and Outlook. The minimalist cubicle follows a professional aesthetic: a wireless keyboard and mouse, productivity sticky notes, printed reports, a blue ceramic coffee mug, a framed photo of his team, a small desk calendar, and a desktop organizer with pens and business cards. On the shelf, a stack of business books and a mini paperweight globe. A framed motivational quote hangs beside a monthly KPI tracker and meeting schedule. The scene is lit with soft, cool natural lighting. The entire setting uses a LinkedIn color theme—shades of blue, gray, and white—balancing a clean, focused, and modern professional atmosphere.

手写笔记风格图片

@pongpong1

Create concise, visually structured notes on the topic '{{topic}}'. Notes must fit clearly within a

Create concise, visually structured notes on the topic '{{topic}}'. Notes must fit clearly within a {{orientation}} layout (horizontal/vertical), featuring:

- Moderate Font Size: Comfortable readability.
- Clear Structure:
 - Main points highlighted with "background colors" or "wavy underlines~".
 - Regular notes in standard ink.
 - Emphasis notes in a different ink color.
- Illustrations:
 - Include relevant sketches or hand-drawn style illustrations.
 - Allow fountain pen-style doodles or annotations directly on illustrations.

- Annotations:

- Simulate notes, corrections, and additional quirky doodles resembling spontaneous annotations, using marker pen style.

- Incorporate collage-style photo extracts relevant to the topic, annotated or doodled upon.

- Language Text Accuracy Constraint (Strict):

- When generating text in '{{language}}', abide by recognized dictionaries and standard grammar rules.

- For languages like 中文 (Chinese) or others with complex scripts:

- Ensure each character or symbol is correct, standard, and used appropriately.

- Double-check stroke order, avoid non-existent variants, and verify usage before finalizing the notes.

User Settings (to be defined before image generation):

- Topic: User-defined.

- Orientation: Horizontal or Vertical.

- Language: English/中文 or any chosen language.

- Color Scheme: Main notes, emphasis notes, highlight style.

- Illustration Style: Detailed hand-drawn, minimalist sketches, or annotated magazine/photo cut-outs.

Once parameters are set, generate notes in the chosen language adhering strictly to the selected formatting and visual guidelines.

旅游手账插画

@宝玉

绘制一张色彩鲜艳、手绘风格的北京旅游手账插画，仿佛由一位充满好奇心的孩子用蜡笔精心创作。画面整体用柔和温暖的黄色背景，搭配鲜明的红色、蓝色、绿色等亮丽颜色，营造温馨而充满童趣的氛围。插画中间绘制一

绘制一张色彩鲜艳、手绘风格的北京旅游手账插画，仿佛由一位充满好奇心的孩子用蜡笔精心创作。画面整体用柔和温暖的黄色背景，搭配鲜明的红色、蓝色、绿色等亮丽颜色，营造温馨而充满童趣的氛围。

插画中间绘制一条蜿蜒曲折的旅行路线，用箭头和虚线标记出各个经典地点，沿途包括：

- “第一站：吃碗老北京炸酱面！”
- “第二站：登顶景山，看紫禁城全景！”
- “第三站：逛逛神秘的故宫，注意：人超多！”
- “第四站：吃个冰糖葫芦，逛进胡同！”
- “第五站：去天坛，和爷爷奶奶一起晨练！”
- “第六站：到北海公园划船赏白塔！”
- “第七站：天安门前自拍打卡！”
- “第八站：去长城爬一爬，做个小勇士！”
- “最终站：尝一口地道的北京烤鸭，再买点纪念品回家！”

插画周围布满趣味元素：

- 拿着冰糖葫芦、吃着冰淇淋的开心小朋友；
- 指示牌：“小心迷路！”，“注意人流！”；
- 天安门、故宫、长城等经典地标用简单童趣风格画出；
- 贴纸式标语：“北京旅行记忆已解锁！”、“北京美食大冒险！”；
- 可爱的北京特色美食小图标（炸酱面、冰糖葫芦、烤鸭）；
- 欢乐的感叹：“原来北京这么好玩！”、“我还要再来一次！”

整体风格可爱而有趣，构图饱满生动，文字采用简洁可爱的手写体，仿佛带人进入一段童真又难忘的北京旅行回忆！
